solution

We Have Money for You!

Vectec works in partnership with local Economic Development Authorities (EDA's) and the Virginia Tobacco Commission to provide matching grants to qualified businesses in Virginia. We take pride in working with EDA's to provide affordable website development, design or general upgrades as well as premier services such as database and application development, social networking and search engine optimization for businesses in need of e-services. We are here to help! Contact us today for details and grant applications! Funds are available on a first-come-first-serve basis.
