Many businesses have a love-hate relationship with Google. They love Google when it is working for them and they are getting results. They hate Google when they do one of their infamous updates or change the name of the game. Join us to learn the tried and true basics of SEO and what you can do to prepare for search engine updates and changes as they come along. **We will also have a special bonus section on the holidays!** With the holidays fast approaching, learn some techniques that can help boost your business and drive revenue at just the right time!

WEDNESDAY, SEPTEMBER 27, 2017
